NUMBER 94

PRESIDENT-ELECT HARDING TO MEET SENATE LEADERS

LODGE, JOHNSON AND NEW IN IMPORTANT
CONFERENCE AT NEW ORLEANS BEFORE
PANAMA TRIP IS MADE

POINT ISOBEL LOSES AS 'CAPITAL'

BROWNSVILLE, Texas., Nov. 16—All the comforts of home were known to President-elect Harding today. He will spend the last day of his Texas vacation at the town house of R. D. Creager, Brownsville lawyer, who arranged the Point Isabel adventure, which ended with the escape of Senator Harding and his party after being marooned in great personal discomfort in the clutches of a severe storm.

All talk of Point Isabel as the summer capital during Harding's administration was abandoned as the result of the "norther." A call from Governor Hobby of Texas was scheduled for today. He will call to pay his respects to the President-elect and while here he will review federal troops stationed at Fort Brown.

Harding plans to squeeze in a game of golf on his last day before leaving on his trip to Panama. It was reported here that Craeger, who invited Harding to come to Texas for his vacation, will be considered for the Ambassadorship at Mexico City.

George Christian, Jr., Harding's secretary said today that the President-elect would not hold a political conference before he leaves for Panama. It was reported here that Senators Lodge, New and Hiram Johnson plan to meet Harding at New Orleans, Thursday, but members of Harding's party said they knew of no plans for these steps. Harding will leave tomorrow morning for New Orleans where he will take the boat for Panama Thursday.

SINN FEINERS BEGIN REPRISALS FOR DEATH OF LORD MAYOR MACSWINEY

CORK, Nov. 16—Three men, one an English officer, were dragged from a Cork train last night and kidnapped. The officer was believed to have sat in the court martial which sentenced Lord Mayor MacSwiney to jail on charges of sedition.

A Sinn Fein court was reported to have sentenced all of the "murderers" of Lord Mayor MacSwiney. It is declared that all those who were connected with his imprisonment were sentenced and that a penalty would be exacted. British officers have kept a close watch for any attempt to carry out the threat. A vengeance squad which left for England shortly after MacSwiney's death was broken up.

RECKLESS MOTORIST KILLS ERIE WORKMAN

Erie, Nov. 16—An unknown motorist disregarding the red lights protecting two workmen fixing the street car line here crashed into them on the Main Street at two o'clock this morning killing Wm. J. Schultz and it is believed fatally injuring Wm. Donaldson, eye witnesses said the motorist was driving 40 miles an hour and did not stop after crashing into the men. Schultz, suffering two broken legs, head injuries and internal injuries, lived but a short time after being struck. Donaldson is suffering from a fractured skull and was still unconscious late this morning.

VENIZELLOS GOVERNMENT DEFEATED AND QUILTS

PARIS, November 16—The Greek government has resigned according to dispatches received here today from Athens. President Venizelos and his cabinet resigned as a result of the national election in which they were defeated. The Bourse closed today.

\$35,000 FIRE LOSS AT ERIE STOVE WORKS

ERIE, Nov. 16—A loss of \$35,000 was caused by a fire of unknown origin at the plant of the Germer Stove Company at midnight. The blaze was discovered by an office employee who was working last night. The damage was largely caused by the water which gutted all the floors.

LIVE STOCK PRICES CONTINUE TO DROP.

Kansas City, Nov. 16—Lower prices since December 1916 were paid for live stock here today. The hog market dropped 25 to 35c selling at \$12.50 and in the cattle division prices sagged \$1.50 to \$10.

LEAGUE OF NATIONS AS "DEBATING SOCIETY"

GENEVA, Nov. 16—The League of Nations assembly today began functioning as "a debating society." With the formalities of selecting a commission and the sentimentalities of a message to President Wilson and greetings to King Albert disposed of, the assembly was ready for real business today. The officials of the late council submitted its reports and this was the cause of the debate. This was expected to occupy the entire day.

An Easy Mark

CHICAGO POLICE THINK SLAIN ACTRESSES SPITBALL PITCHERS WERE KIDNAPPED, DRUGGED AND KILLED MUST FIND BETTER

By HENRY FARRELL

Chicago, Ill., Nov. 16—That Mary Rhodes and Lillian Thompson, young actresses found dead in Grant Park here were kidnapped then drugged or poisoned and then taken to the lake front and thrown from the automobile, was the theory advanced today by the police investigating the deaths. The finding of a hat near where the actresses lived led to the kidnapping theory. The hat was found by a man who lived near the actresses' apartment. He told the police that he kept the episode secret for several days because he feared he might become involved in trouble with the police.

The police believe the women were enticed into an automobile while they were on their way to their apartment with food for a midnight lunch. As the bodies were found a mile from a street car line it is believed they were thrown from an automobile after having been forced to drink alcohol or having been drugged.

Chicago, Nov. 16—Sufficient grain alcohol was found in the stomach of Mary Rhodes and Lillian Thompson who were found dead in Grant Park here to cause their deaths, Dr. W. D. McNally, coroner's physician announced today. Trace of no other poison was found, the physician said. The autopsy is still incomplete, he said.

DUBOIS INFANT BURNED TO DEATH

A four month old daughter of Mr. and Mrs. Alfred Miller, of South Main Street, was burned to death in a fire that destroyed the home of Mr. and Mrs. Frantz in Mill Run, near Penfield, on Saturday evening, last. Mr. and Mrs. Miller went up to the Frantz home from Dubois on Saturday afternoon, planning to visit over Sunday with the latter's parents. The child had been put to bed and about 7:30 o'clock occupant of the house smelled smoke coming from the upstairs and, investigation proved that the room in which the child was asleep was all ablaze. An alarm was spread and Mr. and Mrs. Miller, as well as Mr. and Mrs. Frantz made repeated attempts to reach the stricken child, but all were fruitless. They were eventually forced, after being more or less burned and overcome by smoke, to flee from the building to save their own lives. The structure was entirely destroyed, the flame being so hot that the child was burned to ashes.

TROOPER GOLDBERG ON THE JOB

For some time a boy has been current in this section to the effect that Louis B. Goldberg of the State Police, formerly located in Clearfield, had been killed by a man he attempted to arrest down in Washington county. The story got to Trooper Goldberg's ears and in a letter to the Progress he asks to have the story denied. He says, like Mark Twain the story has died.

J. H. Zimelman, of Pittsburgh, visiting friends here this week.

TURKEY HUNTERS SUCCESSFUL

Harry P. Bridge, Dr. Lewis S. Rowle, Frank Plympton and James Lafferty arrived home last evening from Mr. Lafferty's old home in Fulton county where they had been on a wild turkey hunt. They succeeded in flushing a small flock of turkeys Monday morning and Messrs. Bridge and Rowle each succeeded in landing one.

James McLaughlin, the Third Street barber, came home last evening from a Centre county hunting trip with a fine wild turkey which he had bagged during the day.

WEST SIDE CARPENTER INJURED

William Arthur, of West Side, a carpenter employer on the new Mt. Union brick works at Barrett is confined to his home as the result of injuries received on Tuesday of last week when he was struck and knocked down by an automobile at the crossing near Barrett. Mr. Arthur was coming to work and stopped along side the road to allow the pit-saw and an automobile to pass, when another car came dashing past the first mentioned car and was upon him before he could jump aside. He was struck and knocked against the link fortunately out of the path of the spinning machine, and was quite painfully injured. He will be laid up for some time yet.

THE STOCK MARKET

NEW YORK, Nov. 16—Twelve o'clock prices on the stock exchange today were: American Locomotive 88, American Steel Foundry 31 1/2, Bethlehem Steel 61 1/2, Baldwin Locomotive 100, Central Leather 12, General Electric 122, General Motors 16 1/2, Inland 35, Mexican Petroleum 164 1/2, Penna. 40 1/2, Republic Steel 80 1/2, United States Steel 88 1/2.

AMERICAN WARSHIPS TO RESCUE AT SEBASTOPOL

GEN. WRANGEL AND FOUR TROOP TRANS-
PORTS ESCAPE WHILE MUCH SUFFER-
ING REPORTED AMONG CIVILIANS

NO HAVEN FOR REFUGEES AT HAND

London, Nov. 16—Three American cruisers arrived in Constantinople with Sebastopol refugees, according to an Exchange Telegraph dispatch today. Aboard were many wounded women and children. A dispatch here said that the fate of General Wrangel and his fleet of four transports was unknown. Wrangel left port with three transports filled with troops and another filled with wounded.

CONSTANTINOPLE, Nov. 16—General Wrangel and 20,000 troops are reported to have fled from Sebastopol. The Dardanelles was one of the last to leave when the Soviet troops approached the outer defenses. The evacuation of Sebastopol by the civilian population was marked by complete demoralization. The quays were piled high with personal belongings. Only one-third of those desiring transportation could be cared for. Other Crimean ports already in the hands of the Bolsheviks were likewise congested. In Constantinople many rescue ships rode at anchor being unable to land refugees because of the lack of accommodations in the city.

CLEARFIELD PEOPLE BUY COAL PROPERTY

ELEVENTH STREET CHURCH RE-OPENING

Dr. C. E. Chase, representing a company of local business men, closed a deal at Houtzdale yesterday for a valuable coal property in that section. The property in question consists of about 300 acres underlain with several veins of coal, one of which is more than four feet in thickness. This vein is being operated at present, the daily output amounting to one hundred and fifty tons.

The company making the purchase is composed of Dr. Chase, Dr. A. D. Cowdick, Walter Stewart, M. F. Britton and Ed. B. Chase.

The mine being operated on the Pennsylvania railroad and several other openings will be made and the output greatly increased.

WHAT DUBOIS THINKS

After watching the Clearfield High School football team in action, sizing up their weight, the apparent fact that they are well coached, have a fine repertoire of plays, we wonder just what is the reason that they do not show more power. They have been trounced by teams that they should have smothered and held to low scores by teams that were greatly outweighed.

On Saturday the DuBois high held the powerful county seat team to a low score and had the local boys been in good physical trim, would probably have made the game much more interesting. We believe that Clearfield has a bunch of huskies that could trim up any high school aggregation if they would put more pep into their playing and certainly everyone in DuBois would like to see them step into the front next Saturday and put a kink into the Harnburg Tech eleven.—Sporting Editor DuBois Courier

SUNDAYED AT SPARKLING SPRINGS

A jolly party of young people Sundayed at Sparkling Springs hunting camp on the mountain north of town. They enjoyed an old fashioned boiled beef dinner and everybody enjoyed the day to the limit. The present were: Ruth Ardrey, Helen Thompson, Stella Sankey, Mildred Livergood, Bertha Graham, Clyde Sankey, Clarence Butler, Elmer Owens, James Graham.

The Daughters of Isabella are holding a raffle for the benefit of St. Francis school in the school hall this evening at 8 o'clock.

Miss Irene and Marjorie Mann returned home after spending the week end with their aunt, Mrs. Charles Maurer, at Kylertown.

The Eleventh Street Episcopal church which has been undergoing extensive repairs for the past few weeks was formally reopened Sunday. Dr. A. B. Pickett, of the First Methodist church of Tyrone was the preacher in the morning. The pastor, Rev. M. S. Durston, presided in the evening. The attendance at both services was large and every one expressed themselves as highly pleased at the greatly improved appearance of the church. A new carpet which has been provided sets off the newly frescoed walls. A number of other improvements have been made which greatly add to the completeness of the equipment. One feature of the services on Sunday was the taking of subscriptions to cover the cost of these improvements. The amount was easily met. The response of the people being spontaneous and the amount subscribed liberal.

The re-opening services will continue during the present week. Dr. John C. Collins, of Coudersport, a former pastor, preached Sunday evening to a large congregation. The preacher for tonight (Tuesday) will be C. Edwin Cook, general secretary of the Y. M. C. A. Rev. John T. Bell, former pastor, will preach on Wednesday evening, Rev. W. E. Jones, of Lumber City on Thursday evening and Rev. G. A. Williams of Conemaugh Mills on Friday evening. It was hoped to have others of the ministers who have served Eleventh street present during this week of services but other duties have prevented them coming to Clearfield at this time. A cordial invitation is extended to the friends of the church to attend these services.

MARRIED AT ELEVENTH STREET PARSONAGE

John A. Leiser, of Clearfield, and Miss Isabella O. Johnson of Union, Pa., were married at the Eleventh Street Methodist parsonage on Saturday, November 6, 1920, by Rev. M. S. Durston.

"It" was pretty slick and shy about the important event and curiously pulled one over on the gang by leaving the job done so quietly and confidentially.

The happy couple have gone to bed keeping on Red street. The Progress joins their host of friends in congratulations and best wishes.

Mr. and Mrs. John Downing left today for their future home in Spirit Lake, Idaho, where Mr. Downing is engaged as superintendent or general manager of a large lumber operation.

Miss Blanche Vorbach is spending a few days at the home of her sister Mrs. Charles Manning at Kylertown.

RED CROSS ROLL-CALL

The Red Cross roll-call is neither a money-raising "drive" or a "campaign."

It is precisely what it is termed—a roll-call.

The roll of old members is being called in order that all may have the opportunity of renewing.

The roll of all Americans is being called in order that the membership may be enlarged and the support of the organization be made as nearly unanimous as possible.

JUST AROUND THE CORNER

Just around the corner lies a new era of the soundest prosperity America has ever known.

Business just now appears to be in the doldrums, but in reality the trend toward better conditions already has set in. It may require a few months for development, but it is as certain to come as day is to follow night.

Businessmen everywhere who have studied the situation know this to be true.

The wise merchant and the wise manufacturer are they who are clearing their decks and getting ready to start afresh with the dawn of the new day.

The workmen who have been dropped from the rolls of the railroads and the big corporations will all find themselves either back at work at an early date, or otherwise employed. There has been for a long time a shortage of labor in many lines, because workmen have been attracted to work where the pay was very high. The readjustment will take many of these back to their old jobs and shortly we shall start off again with a full head of steam, every man in his place, and the ever-growing demands of a country in need of many things stimulating each to do his best to fill the fast increasing orders.

TREAT THE "LITTLE ILLS"

This is the season when a person without an ache or an ill seems to be exceptional. To be sure, the ailments are minor—"just a cold like everybody else"—but do you know that the "little sickness" cause more economic loss than the serious ones? Dr. William Charles White, medical director of the Tuberculosis League of Pittsburgh, in its instructive publication, *The Business of a City's Health*, substantiates the statement that they do with figures compiled by a business house employing 12,600 persons. There were 21,664 cases of sickness causing loss of time, of which only 2,358 were classified as serious. Colds, headache, nervousness, as conditions are a few of the minor maladies that kept men and women idle temporarily. If they did not have to pay for the time lost their employer did.

Many of the slight ills of which people complain and which they strive to "work off" are but warnings of conditions that will develop serious ailments if they are neglected. Nobody wants to be running to the doctor all the time, but it is the part of wisdom to give attention to the "little sicknesses." Simple treatment given in time will avert serious ills. Care as to diet, clothing and shelter may prevent the development of a cold or an ache which are but premonitory of something worse in store in very many cases. People are prone to neglect the minor maladies on the theory that they are not preventable and will "pass away." That is a grave error, though it is true that oftentimes a cold does disappear "of itself." The safe course is to attack the minor ills and drive them out before they become serious. Treatment may save a "lay-off" of a few days or of a longer period; it may be the means of saving life itself. Do not neglect a cold or a backache, at this time of year especially.

Hope Springs Eternal.

"Cheer up," gently yelled his host to the stricken Murphy, who was beginning to regret keenly ever having come on the fishing trip. "Snack-time never killed anybody yet." "Is that so?" replied Murphy. "I'm sorry to hear you say that. Sure, the hope of dyin' soon was the only thing that was keepin' me alive."—American Legion Weekly.

"Cloth" From Bark.

In the tropical islands of the Pacific there are several tribes which make use of the bark of a tree as a substitute for fabrics. It is called "tupa" and is obtained by heating the bark and then treating it to a paste preparation. After the boiling process, the fiber shows a regular overlapping arrangement of the strands like woven material.

Laundrying Warmth and Sweetness Into Blankets

Before those blankets are impressed into service gain let us launder more warmth and sweetness into them.

Bedding ever so clean when stored last spring is likely to have astuffy smell now, particularly if it was stowed away with camphor balls.

Blankets cannot keep so much cold out or so much warmth in when fibers are matted close.

We wash your blankets in creamy suds and pure soft water, dry them in a current of soft warm air and return to you plump, fleecy blankets with 100 per cent. of their warming power restored.

Just have us launder your blankets and know what real slumber luxury is.

Dr. Scholl's Demonstration Week

NOVEMBER 15-20

Let Your Foot Troubles End This Week

Those aching, throbbing, burning feet—those sensitive callouses that make you wince when your weight comes down on them—those excruciating corns that are rubbed at every step—those frightfully tender and unsightly bunions—bring them in **this week** for relief and permanent correction of the cause. This is

Dr. Scholl's Foot-Easer for tired aching feet, turning ankles, cramped toes, bunions and all troubles caused by weakening of the long arches of the foot.

Dr. Scholl's Anterior Metatarsal Arch Support corrects weakness of the cross arch at the ball of the foot, which causes callouses, corns and contracted toes.

Dr. Scholl's Demonstration Week

throughout North America, and particularly at this store. A graduate Practitioner—foot expert—is here to examine your feet free of charge, point out the cause of your discomforts and demonstrate to you how they can be corrected by the methods made famous by the universally recognized authority on the feet and their care, Dr. Wm. M. Scholl.

Dr. Scholl's Foot Comfort Appliances

are made in special types for practically all foot troubles. They are light and comfortable to wear, give back to your step its natural springiness and gradually ease back to normal position the depressed joints or strained ligaments of the foot. Expert fitting and adjusting free.

A. MIRKIN

MARKET STREET, CLEARFIELD, PA.

Remember that Story Of Mark Twain's---

—where he tells about the boat having to stop every time its whistle blew because there wasn't enough steam left to run the engine?

To our way of thinking there is a big moral in that story, which can be applied to our every day lives. Thousands of fine people in this community—generous and open-handed folks—in good health, with good positions, on fire with the joy of living, carefree and strangers to trouble, are using up too much of their money in blowing the whistle of "high living" and neglecting to store up a reserve to "buck the current" when the tide runs against them—trouble will come—in some way or another. How much better it is to have a reserve fund in the shape of a Savings Account, ready to meet the emergency, than it is to have financial worries heaped upon a mind already distressed with other troubles.

Get that account started with us.

"Jephthah Vow."

This is a vow which is to be kept regardless of consequences, and is commonly supposed to be derived from the Bible story of Jephthah, the leader of a band of brigands. Before going to battle against the Ammonites he vowed, if successful, he would offer as a sacrifice whatever was the first thing to cross the threshold of his own door when he returned triumphant. His daughter was the first one to advance to meet him. It is recorded that he sacrificed her according to his vow.

Our "Fortunes."

What we call our fortunes, good or ill, are but the wise dealings and distributions of a wisdom higher, and a kindness greater than our own. I suppose that their meaning is we should learn, by all the uncertainties of our life, even the smallest, how to be brave and steady and temperate and hopeful, whatever comes, because we believe that behind it all there lies a purpose of good, and over it all there watches a providence of blessing.—Henry van Dyke.

British Woman's Distinction.
The first woman to set foot on the top of Fuji was Lady Parkes, wife of the first British minister to Japan Sir Harry Parkes; and she accomplished the feat in 1867, when there was not a mile of railway in Japan.

A Palpable Hit, Sir.

A correspondent criticizes our recent remark that while a glass of buttermilk may be as nourishing as a half dozen oysters, you'll never find a pearl in a glass of buttermilk. "Humph!" he ejaculates. "I've found as many pearls in buttermilk as I ever have in oysters."—Boston Transcript.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Great Caesar's ghost, eggs have jumped to 35 cents per dozen, and scarce in the market at that. Thanks giving day is coming on apace and if no eggs are to be had, good bye to the old fashioned pumpkin pie on that day. The only remedy is to pray that the gods use their influence to put bid'g on the job at once, thus saving the day.

Rev. J. C. Collins' fame as a platform orator is spreading abroad and great is the demand from a number of towns that he visit them and deliver his famous lecture on "The House that Jack Built". The lecture is a most instructive one, and is not tiresome to listen a half a dozen times to its delivery.

Reports from a good many of the farmers are that potatoes housed in the cellar are rotting quite rapidly and that it is going to be a hard job to keep many bushels of them clear and clean through the winter months. If this proves to be the case the price will be out of sight before planting time comes around again.

The fire of Saturday night should teach some people to take precautionary measures in their homes at times when it becomes necessary to "fire" up stoves to full heating capacity, in order to make the rooms within warm enough for habitation. There are a great many people living in Curwensville, who will fill up stoves with coal above the door mouth, shut off the draught and throw the door wide open and then go away for hours at a time. A great many fires are started from red-hot coals dropping out of the stove door onto the floor, which in a few short minutes will start a blaze. People should look well to their stoves before leaving the house, and by so doing, would thus prevent many homes from burning to the ground. Do not lock the stable after the horse has been stolen, neighbor. Watch your stove fires closely and you will avert fire in your own home as well as not endangering the home of your neighbor.

TO EVERY READER

There is no pure hero family medicine in the world today that can equal the power and give such grand results in regulating the bowels, stimulating the liver, flushing and cleansing the kidneys, sweetening the stomach or purifying and enriching the blood—than

BULGARIAN BLOOD

Those who suffer with stomach, liver, kidney, rheumatism or blood troubles will find Bulgarian Blood Tea the best medicine to relieve and correct these ailments. It is wonderful how quick you will begin to pick up and be your old-time self again. During the 1918-1920 influenza epidemics Bulgarian Blood Tea was used by countless thousands of sufferers with marvelous success and millions of people took it standing still to prevent and ward off the disease.

As a general first aid family medicine it has no equal and every person should have a box constantly on hand for any emergency—to kill colds, allay fevers and guard against pneumonia, pleurisy or other serious sickness. And mothers and fathers of families should apply at once to their druggist or grocer for a trial box of Bulgarian Blood Tea.

FOR SALE—At once, two kitchen ranges No. 9, one radiant home double heater, two large leather rockers, one library table, one bedroom suite, one parlor suit one three burner oil stove new, one sewing machine, also other articles. F. W. druggist or grocer for a trial box of and Meadow street, Curwensville, Pa. 11/16-3tp

AT THE THEATRE

Could anything be more harmless than a pink chemise? And, for that matter could anything be more insignificant than an acorn from which great oaks grow? So it was from a pink chemise—which unfortunately had a tell-tale inscription—that all the complications arose that made Garry so unhappy, his wife so jealous and made one of the great farce hits of the decade out of "Up in Mabel's Room," the famous New York success which A. H. Woods will present at the Driggs theatre on Thursday, November 18th for an engagement of one performance only. Playgoers all over the country are familiar with Mr. Woods' flair for farces, and his never-to-be-forgotten hits, "Parlor, Bedroom and Bath," "The Girl from Rector's," "The Girl in the Taxi," "Potash and Perlmutter," and a host of others. Yet all New

York was unanimous in declaring that "Up in Mabel's Room" was the funniest farce that had come from the Woods' office in its whole history. It filled the Eltinge theatre, New York City, for months after having broken all records in Boston. It is, as has already been mentioned, the story of a series of complications caused in the life of a newly-married man by a pink chemise, which he had in his bachelor days given to a beautiful girl and thoughtlessly inscribed. The chemise and the owner turned up at a house party where the newly married hero was spending his honeymoon. His attempts to recover it from a threatening woman and thereby save his domestic happiness, furnish the chief action of the play. The plot moves to Mabel's bedroom and even as far as Mabel's bed. But the difficulty is not solved until the story has gathered more laughs than a ship dock barnacles. The production is a beautiful and elaborate one and ought to be specially interesting to women on account of its display of new modes in gowns and lingerie. The company has been carefully selected.

Time of first touch down in last game, 2 minutes, 10 seconds. Itc

BIG EATERS GET KIDNEY TROUBLE

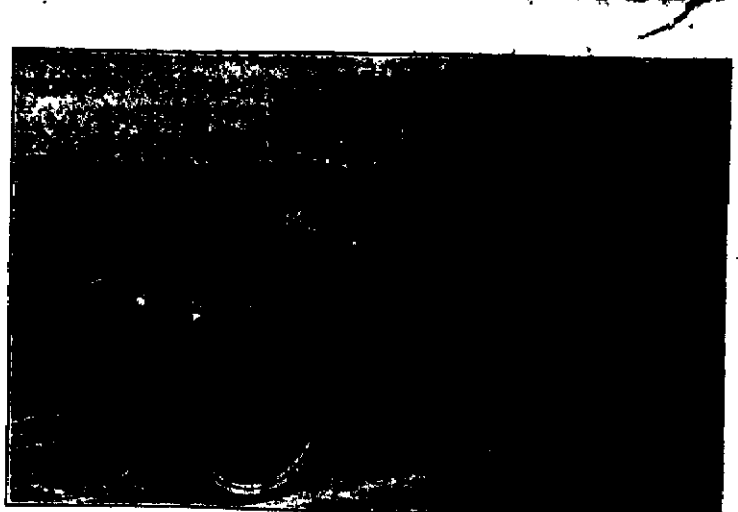

Take a glass of Salts Before Breakfast if your Back hurts or Bladder Bothers you

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps o lead; your back hurts or the urine fis cloud, ull of sediment or you are obliged to seek relief two or three times during the night; if ou suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces o Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

HERBERT RAWLINSON in

"Come Through"

A thriller! A real classic of the screen—corking story, admirable setting, artistic production, strong in dramatic value. You'll pronounce it a ten-time winner—the sort of picture play you'd be glad to see every time you go to the movies.

BIG ADDED ATTRACTION
"HEART OF THE SUNSET"

By Rex Beach
Five Big Acts

Pet Had Various Names.

A neighbor, seeing the seven-year-old daughter of a geologist playing with a bedraggled but cherished kitten, asked what her pet was called. "Well," replied the precocious youngster, "that depends. Father calls her a segregation from an intrusive magma of doubtful genesis; mother refers to her as the basement complex; sister Helen insists that she is a typical example of secondary impoverishment; but I just call her my dear little kitty."

"Red Rag to a Bull."

It is probable that the expression "a red rag to a bull," signifying something which arouses wrath, has been imported from Spain, where red cloths are used in the bull rings, in order to infuriate the animals before the matador makes his appearance. But bulls are not the only animals affected by red. Many horses, especially stallions, are irritated by red; and turkey-cocks attack wearers of red most ferociously, as do ganders. Physiologically, red is a color which irritates and fatigues the optic nerves; and so it arouses temper and produces a quarrelsome frame of mind.

SULPHUR CLEARS ROUGH RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur. Celebrates a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe the irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

FOOTBALL NOTES

By DICK LEIPOLD

The Huntingdon High school team, manhandled Hollidaysburg High at Huntingdon on Saturday. The score was 81-0 in favor of Huntingdon. Four Hollidaysburg players had to be carried from the field as the result of injuries.

The Clearfield High School football team sure is the class of all real High school teams in this section of state, but that is not all we can truthfully say of our High school football warriors. The "Scrubs" or second team, which is only "scrub" in name are also "real class" when it comes to "second string" performances. The 1920 "scrubs" are without a doubt the best second team ever developed at the local school. The kids are football sharks and fear nothing that walks on two legs.

They have had a most successful season and not only have a number of scalps at their belts, but recently journeyed to Clarion Normal and held the Normal second team to a 6-6 tie, and the Normal boys were alleged to have run a couple of first string fellows into the game in order to hold our husky youngsters to a tie.

Mt. Union High held Altoona High to a 7-7 tie on Saturday. This result will give the inquiring fan the reason for Altoona cancelling the game she was scheduled to play with C. H. S.

The Philipsburg American Legion football team played the Curwensville Legion team on Armistice Day and the Clearfield county boys romped off with an easy victory, the final score being 33 to 0. The Centre county boys are yet sore physically and mentally over the game, and allege their Curwensville opponents didn't know the war is over. They say the home team went right into them like they did into the Boche in the Argonne and gave them the "heel and toe" tackle at every turn. Several Centre county ribs went to smash in the mix-up and not content

"YOUR MEDICINE IS O. K." Mrs. Chas. Rule, New Diggins, Wis., writes: "Your medicine is O. K. I think Foley's Honey and Tar is the best for coughs. I think your medicine is all you say it is. I know I would never be without it. You may use my name." Foley's Honey and Tar acts quickly, checks coughs, colds and croup, cuts the phlegm, opens air passages and allays irritation. It stops sleep-disturbing coughing at night. Children like it. Contains no opiates.

BIG NEWS FEATURE

2 REEL WESTERN DRAMA

"Gums"

with the man-handling they gave them on the field of battle several Philipsburgers were carried off to the "hoos gow" after hostilities ended.

We got our information second-handed for publication and our informant says they have \$300 over at Philipsburg to back their team against Curwensville on neutral grounds and with a neutral referee. We hereby bid off that game, if it ever comes off. Those up-river boys are game as pebbles and never would take a dare—we are waiting for the fun.

That Harrisburg Tech team which meets C. H. S. at the Driving park Saturday afternoon is rated as the best High school team in the state. Last year they won the National High school championship and this year have been beaten but once. Football fans who glory in seeing a real game will do well to be on hand Saturday. Our boys are going to make the big fellows go some.

Harrisburg Tech plays real football. 1c

To Clean Brass. To clean brass cut lemon in halves, dip it in kitchen salt and rub over the brass till the stains disappear. Then rinse in warm water and polish with a huster dipped in powdered whiting.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your
clogged nostrils open right up; the
air passages of your head clear and
you can breathe freely. No more
hawking, snuffling, blowing, head-
ache, dryness. No struggling for
breath at night; your cold or catarrh
disappears.

Get a small bottle of Ely's Cream
Balm from your druggist now. Apply
a little of this fragrant, antiseptic,
healing cream in your nostrils. It
penetrates through every air passage
of the head, soothes the inflamed or
swollen mucous membrane and re-
lief comes instantly.
It's just fine. Don't stay stuffed-
up with a cold or nasty catarrh.

Cheer C. H. S. to victory. 1tc

OPTOMETRIST
Wooldridge Building
Clearfield, enna.

See two real teams play Satur-
day. 1tc

S'long! See you Saturday. 1tc

It is easier to tear a
door away splinter by
splinter than to open
a Sargent Cylinder
Lock without the
right key.

This lock furnishes the
maximum of security that
a lock can give. It is the
highest development of the
pin-tumbler lock principle.
Sargent Locks are smooth-
working and unfailling.
Made from finest metals
by skilled workmen. Locks
for all purposes. Cylinder
padlocks.

as fast as deer. 1tc

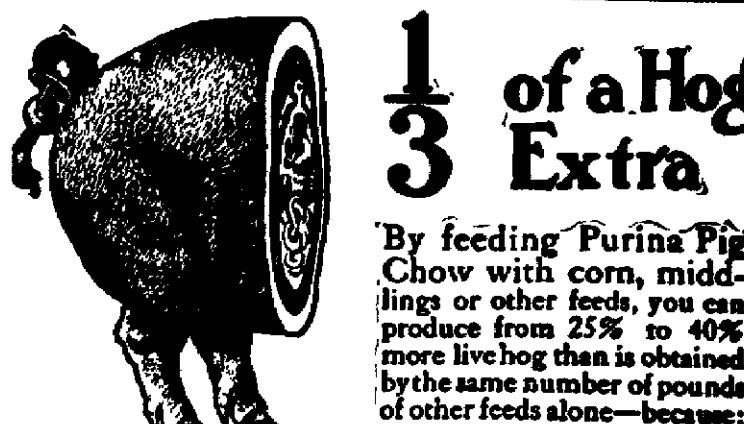

Mrs. James Sutton has returned
to her home on Locust street after
a visit with her new great grand-
daughter Bertha Belle, born to Mr.
and Mrs. Harvey R. Bowman, Octo-
ber 27th at the Williamsport Private
hospital.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bow-
els become weak and unable to perform their
functions without aid. For this purpose only
the mildest and gentlest laxative should be used.
The use of harsh cathartics aggravates the trouble
and makes the constipation worse. Chamberlain's
Tablets are a favorite with people of middle age
and older on account of their gentle action.

Chamberlain's Tablets

1/3 of a Hog
Extra

By feeding Purina Pig
Chow with corn, midd-
lings or other feeds, you can
produce from 25% to 40%
more live hog than is obtained
by the same number of pounds
of other feeds alone—because;

Purina Pig Chow builds a large frame (contains adequate
bone-forming elements).

Purina Pig Chow insures maximum growth (provides an
abundance of elements for flesh, hair, blood, etc.)

Purina Pig Chow puts on fat during the growing period
(is rich in fattening elements.)

PURINA Pig Chow

is made of digester tankage, corn molasses
and alfalfa, with a small percentage of
humus and salt. Every ingredient is a
feed of recognized growth-producing or
fattening value. Write for further informa-
tion.
